

Host PC

1. Double-click on the Orbweb ME icon on your desktop.

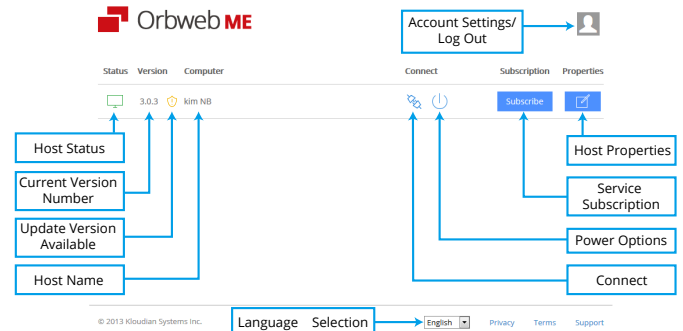

2. Click on **Sign Up** to set up a new account. In the window that appears, fill in the requested information and click **Sign Up**. A verification email is now sent. Follow the steps in the email to verify your account.

3. In the screen that displays next, click the **Configure this computer** link, then **Folder Settings** tab to add folders on your PC for remote access. Click '+' to add a folder.

4. After verifying your account, you can access your PC through web browsers at <http://orbweb.me>. The portal screen appears as below.

5. See the Orbweb ME User Manual and support site for more information. Enjoy your personal cloud!

Android or iOS Mobile Devices

1. Open the App Store on your iOS device or Play Store on your Android device, and search for **Orbweb**. Install the Orbweb ME client.
2. Tap the Orbweb icon and log into your account.

3. The portal screen displays. Tap the 'i' icon in the top right corner and then tap **Legend** to display icon descriptions.
