

1. Q: When enabling ASRock A-Tuning, I get two error messages below:
Assertion failed: m_strCurrentPath.Length() > 0, file Module\OMG\Registry.cpp, line 372
Abnormal program termination.
How do I solve this problem?

A: Please update ASRock A-Tuning V2.0.59 or later to fix this issue.

ASRock A-Tuning V2.0.59 download link: [http://download.asrock.com/utility/A-Tuning/A-Tuning\(v2.0.59\).zip](http://download.asrock.com/utility/A-Tuning/A-Tuning(v2.0.59).zip)
