1. Q: **I would like to install Windows 7 x64 with GPT format HDD, is there anything I should have done before doing so?**

   **A:** We will suggest users to install Windows 7 hot fix if you would like to do so.

        Please refer to the link below for the hot fix.

        http://support.microsoft.com/kb/979903

2. Q: **After installing Daemon Tool, why can't my system play Blu-Ray movie via PowerDVD10?**
    A: Please enable "Advanced Emulation" in the preferences page of Daemon Tool

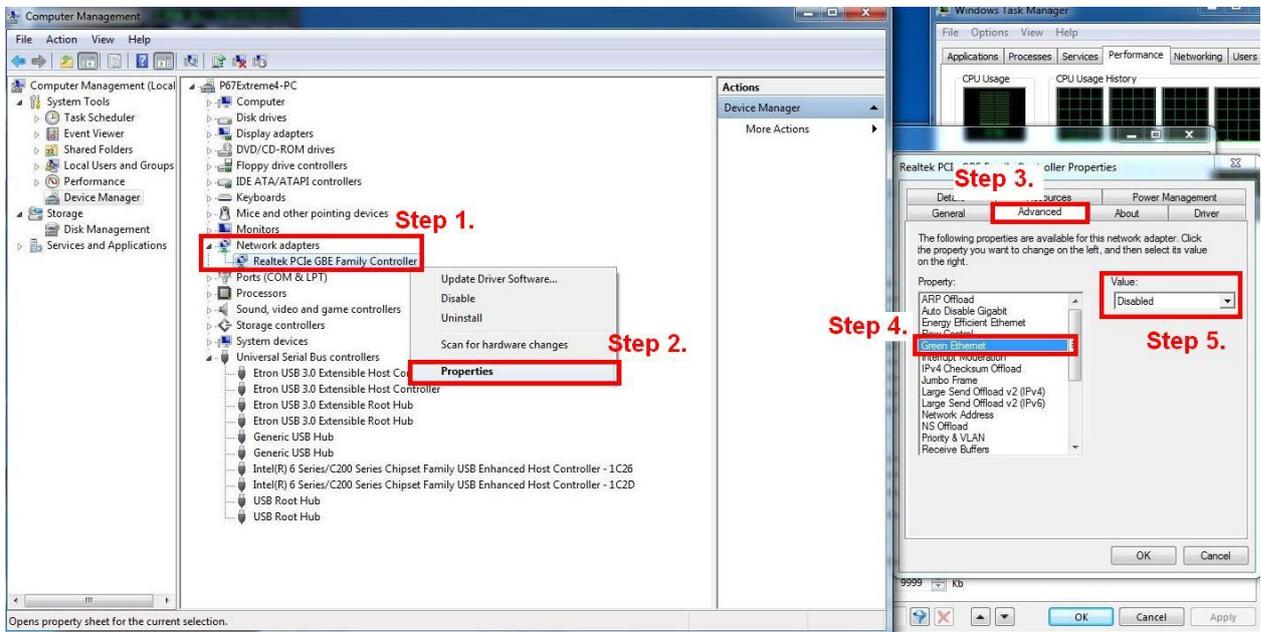

3. Q: **If using Directory Opus, how do I improve the performance of network transfer speed?**

    A: Please adjust following setting in your system.
        1.   In Directory Opus utility, please increase the buffer size to 9999

        2.   Green Ethernet = Disable

3. Interrupt Moderation = Disable

4. Q: Why can't my iPhone4 be recognized by Etron USB3.0 controller?

A: Please download Etron USB3.0 driver version 0.96 and update it for your system.

Etron USB3.0 driver ver.0.96 download link as below.
